

Role: Business Analyst

We are looking for an experienced Business Analyst who is passionate about building products that customers love. You will join a dynamic and fast-paced environment and work with cross-functional teams to design, build and roll-out products that deliver the company's vision and strategy. If you're looking for a fast-paced, challenging opportunity, read on!

Role Summary:

This role will be located in Hong Kong. Business Analyst is responsible for eliciting, defining and documenting business and functional requirements. He or she will draw out and communicate requirements and help devise effective solutions that are in line with the strategic aims of the client. The Business Analyst will work with Product Owners and Development teams using agile principles and processes.

- Create buy-in for the product vision both internally and with key external partners
- Translate product strategy into detailed requirements and prototypes
- Creating or designing wireframes, process flows, user personas, and journey maps.
- Using storyboarding, task analysis, and user research tasks to capture and develop user requirements.
- Collaborate with developers and subject matter experts in ensuring user stories are developed correctly and meet acceptance criteria

Qualifications/Requirements

- Bachelor's Degree in Computer Science, Engineering or equivalent preferred
- Proven ability to work cross functionally to drive the requirements and solutions as well as resolve lower level operational issues with experience translating between business and technology
- Experience working in fast-paced agile/scrum environments
- Proficiency in Atlassian product suite - Jira, Confluence, etc or similar
- Solid technical background with understanding and/or hands-on experience in software development and web technologies
- Excellent written and verbal communication skills. Languages: English, Cantonese (highly preferred), Mandarin (Nice to have)

Benefits

- Five-day work week
- Life insurance
- Medical insurance
- Performance bonus
